DESCRIPTION

Mediamesh® is an adaptation of the Tigris metal fabric design with flexible, stainless steel cables in the length direction and solid rods in the width direction. A line of LEDs are substituted for rods at regular intervals. Mediamesh fabric is flexible lengthwise and can be rolled for transport.

PRODUCT SPECIFICATIONS

Material: Stainless Steel

Type: Flexible

Weight: 1.74 psf

Max Width: 13'

Open Area: 58%

APPLICATIONS

Mediamesh

PROJECTS

Stanford University - Anne T. and Robert M. Bass Biology
Research Building, WinStar World Casino, California State
University - Henry Madden Library
