Arizona State University built the 223,000 square foot Walter Cronkite School of Journalism and Communication building in downtown Phoenix to provide classrooms, office space and a home for the local PBS affiliate. GKD-USA's Lago stainless steel woven metal fabric was chosen as an energy-efficient, sunshading façade to create protection from the sun.

Applications

Custom-Woven Solar Mesh Façade

Metal Fabrics**System Components**

WIB - eyebolts top and bottom
