Raika Bank Competence Center

Location
Bruck an der Mur, Austria

Date
2005

Size/Scope of Project
16,000 ft²
52' x 20' panels

Architect
Hans Jorg Tschorn

Project Type
Corporate Buildings

This project uses one of the graphical media methods to apply the logo of a large banking concern onto the daylighting façade that wraps around the building. In addition to the daylighting and signage, a rather plain building is converted to something more on the special side.

Applications
Solar Mesh
Metal Mesh Facades
Etched Surfaces

Metal Fabrics
Omega 1520

System Components
WIB - hooks and springs
