**Attachment:** Flats with Clevis  
**Architect:** CMV Architects  
**Application:** Facades, Solar Control  
**Location:** Barcelona, Spain  
**Market Segment:** Hospitality

## DESCRIPTION

This luxury hotel presents as a 124-foot-high elliptical cylinder clad in a veil of shimmering metal fabric. GKD Escale spiral mesh ensures that guests inside have an optimal view of the city through the facade, but for onlookers outside, the mesh mirrors a subtle reflection of the surrounding landscape.
