**Weaves:** Tigris

**Attachment:** Flats with Clevis

**Architect:** RMJM Architects

**Application:** Facades, Solar Control

**Location:** Abu Dhabi, UAE

**Market Segment:** Corporate

## DESCRIPTION

The facade of the 35-story Capital Gate building in Abu Dhabi is composed of 580 metal fabric panels of varying sizes arranged at angles to create parallelograms. The result is a combination of efficient solar protection and maximum transparency.

**SUSTAINABILITY**
