Weaves: Omega 1510

Attachment: Flats with Clevis

Architect: AECOM

Application: Communication, Facades, Solar Control

Subsection: Etched Graphics

Location: Minneapolis, Minnesota

Market Segment: Municipal

DESCRIPTION

The Central Corridor Light Rail Transit West Bank Station features the artwork of Nancy Blum alongside the sunshading and safety functionality of metal fabric. With custom etching on GKD Omega metal fabric, stainless steel soaring birds fabricated by Fedtech were then mounted onto the mesh.
