**Attachment:** Eyebolts

**Architect:** B4FS Arquitectos

**Application:** Interior

**Subsection:** Covering, Partitions

**Location:** Buenos Aires, Argentina

**Market Segment:** Municipal

### DESCRIPTION

The main attraction of the Centro Cultural Kirchner building is a concert hall within its curved center. The colossal construction has a fascinating visual effect due to its shimmering Escale metal fabric skin, which seamlessly covers the ellipsoidal body and reflects the blue of the surrounding walls and skirting.

**AESTHETIC**

**SUSTAINABILITY**
