Weaves: Escale 7×1

Attachment: Eyebolts

Architect: Steffian Bradley Architects

Application: Facades, Solar Control

Location: Guangzhou, China

Market Segment: Education

DESCRIPTION

Home to 20,000 students, this crescent-shaped structure features a facade of GKD Escale, a metal fabric with the flexibility to wrap compound curves while allowing the natural flow of light and air. Veiling the structure, Escale also hides utilities beneath its silver skin.
