metalfabrics@gkd-group.com

Attachment: Custom

Architect: Allmann and Sattler and Wappner

Application: Facades, Interior, Solar Control

Subsection: Specialties

Location: Munich, Germany

Market Segment: Spiritual

DESCRIPTION

The exterior walls of this cube-shaped church are floor-to-ceiling glass which provides an abundance of natural light but also requires sunshading. Additional walls are clad in sheaths of custom mesh, providing not only sunshading capabilities, but adding to the sense of inner serenity
