**Weaves:** Futura 3110

**Attachment:** Woven-In-Bar with Hook Brackets  
&#038; Springs

**Architect:** NBBJ

**Application:** Facades, Solar Control

**Location:** Duarte, California

**Market Segment:** Healthcare

### DESCRIPTION

A sweeping five-story, airfoil-shaped panel of GKD Futura 3110 demonstrates the extreme energy-savings that can be afforded by metal fabric. The panels offer transparent sun control while creating an environment with an abundance of healing, natural light in this biomedical cancer research center.
