**Attachment:** Flats with Clevis

**Architect:** BSBG

**Application:** Interior

**Subsection:** Ceilings

**Location:** Dubai, United Arab Emirates

**Market Segment:** Stadium

## DESCRIPTION

When you walk into the ballroom of the Emirates Golf Club Dubai, you immediately notice the suspended ceiling. Constructed of sustainable Escal 2,8x1 and fastened with flats and clevis fittings, the ceiling gently curves above as if looking up inside a circus tent.
