Weaves: Omega Divergence PC, Omega 226, Acoustic Mesh Panels

Attachment: Flat & Angle Frame

Architect: Pielok Marquardt

Application: Interior

Subsection: Ceilings

Location: Darmstadt, Germany

DESCRIPTION

The office building cafeteria features a suspended ceiling made of gold-colored GKD aluminum mesh. The 120 ceiling elements create the impression of sun beams through their shimmer and integrated LED lighting. Different wire diameters give the mesh an open structure and allow for ventilation.
