

North American Headquarters GKD Metal Fabrics 825 Chesapeake Drive Cambridge, MD 21613 Direct: 410.901.8428 or 410.901.8429 metalfabrics@gkd-group.com

DESCRIPTION

With an exceptionally deep color palette and remarkable brilliance, Mediamesh technology is used to display large-format graphics, animations, video clips and real-time data feeds. Mediamesh fabric is flexible in the length direction allowing it to be rolled for transport. As of 2024, GKD partnered with Expromo for new LED technology.

APPLICATIONS

Mediamesh
