PRODUCT SPECIFICATIONS

Material: Bronze, Stainless Steel

Type: Rigid

Weight: 0.54 psf (Stainless Steel), 0.61 psf (Bronze)

Max Width: 101"

DESCRIPTION

a double intermediate crimped weave utilizing extra crimps in the warp and weft wires between the intersections. This creates a rigid mesh with texture and flow.

APPLICATIONS

Specialties, Covering, Enclosures,
Facades, Partitions, Ceilings, Mesh
Partitions
