Weaves: Escale 7×1, Escale 5×1

Attachment: Flats with Clevis

Architect: Wandel HÄfner Lorch + Hirsch

Application: Facades

Location: Munich, Germany

Market Segment: Spiritual

DESCRIPTION

The dominant design element of the synagogue is the cladding of the glass cube, outfitted with a specially GKD manufactured bronze spiral mesh. These mesh spirals were broadened forming equilateral triangles so that when the sun hits the bronze spiral mesh veil, the building is enveloped in a warm glow.
