metalfabrics@gkd-group.com

Weaves: Omega Divergence

Attachment: Woven-In-Bar with Hook Brackets
& Springs, Woven-In-Bar with
Eyebolts Top & Bottom

Architect: Zyscovich Architects

Application: Facades, Parking, Solar Control

Location: Doral, Florida

Market Segment: Corporate

DESCRIPTION

For this Florida parking garage GKD metal fabric reduces solar input and offers protection from adverse weather conditions. GKD customized this mesh in varying densities for this project, resulting in a facade that adds visual variation and can withstand category 4 hurricane winds (up to 145 mph).
