Weaves: Tigris

Attachment: Woven-In-Bar with Eyebolts Top & Bottom

Architect: Tilke Engineers & Architects

Application: Facades, Safety and Security, Solar Control

Subsection: Railing, Enclosures

Location: Shanghai, China

Market Segment: Stadium

DESCRIPTION

GKD completed this extensive facade of Tigris metal mesh in just over three months from the contract award to shipment of the final mesh panels. Made up of 157 elements, each measuring up to 98 feet long and 25 feet wide, the panels clad the stands providing fall guards and solar protection.
