Weaves: Lago

Attachment: Woven-In-Bar with Hook Brackets
& Springs

Architect: DMJM

Application: Facades, Parking

Location: Los Angeles, California

Market Segment: Transportation

DESCRIPTION

GKD metal mesh was specified to clad the facade of the Van Nuys Airport parking garage near Los Angeles. Thirty-nine panels of Lago stainless steel mesh offer much needed sun shading as well as privacy for the facility's pedestrians, while also granting them unobstructed views of the surroundings.
